3.13 Repeating a Course	<i>Adopted: October 12, 2010</i>
	<i>Reviewed: October 12, 2010</i>
	<i>Revised:</i>

Students may repeat a course under one of the following conditions:

- x The class is authorized by the Illinois Community College Board to be repeated, in which case the number of times the course may be repeated will be noted in the text of the course description. Repeatable courses are those which carry specific topics and are not offered as part of the regular College curriculum, or those for which repeated practice might help refine or improve a skill
- x A class that is not designated as repeatable may be repeated in order to enhance the grade or for other related purposes.

If a student exceeds the maximum number of attempts allowed, he or she will be stopped at registration. If desired the student may audit the class after all allowed attempts are completed. Only the best grade of the repetition will be computed in the student's grade point average (GPA), but all attempts will be listed on the transcript.
