course fill rate increase from 39% in fiscal year 2019 to 62.2%. Joanne continued to note that the ECE program has almost doubled amount of net income, when looking at tuition and reimbursement from the state. Gateway alignment has really made an impact to this program. Judd stated that it is a nice reassurance that we have laid a strong foundation. Anna noted that she is getting more enrollment in 8-week classes than she was in 16-week classes. Joanne aligns this to success and retention. Students like it more compressed. Jud shared that a larger college goal is to increase availability of 8-week classes.

o

components are something that are being worked on, but it is also an age thing. Steve agreed hard conversations are both a skill and disposition. Disposition is who you are, skills can be taught.

- o Anna inquired in the committee members feel more training is needed in social/emotional/disability issues.

The Early Childhood Advisory Committee adjourned at 9:02am
