Committee reviewed spring 2021 meeting minutes and approved them. Dean shared enrollment and financial information, identifying enrollment declines in the paramedic program since fall 2020. These lower enrollments are consistent with other health care programs at the College. In FY21 the program generated net revenue that was used to support the EMS program on campus and support financial agreement with Northwestern Medicine Kishwaukee hospital

with accreditation guidelines: The goal of our program is to prepare competent entry-level Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains with or without exit points at the Advanced Emergency Medical Technician and/or Emergency Medical Technician, and/or Emergency Medical Responder levels. These expectations are listed in the student packet and on the college website.
